LIGHTING SOLUTIONS

Festivity. All year long.

Radiant, energy-saving LED lights are spaced to your liking along a durable channel that blends seamlessly with your structure – whether it's your home, outdoor living space or commercial building. Install them once and let them light up your day-to-day moments, celebrations and seasons for years to come!

Why Oelo?

✓ YOU'LL NEVER HAVE TO HANG HOLIDAY LIGHTS AGAIN

✓ THE OELO SYSTEM IS RATED FOR 100,000 HOURS OF USE
(The equivalent of 22 years of nightly 12-hour glow)

✓ CUSTOMIZABLE FOR EVERY MOOD OR MOMENT!

Opt for single-color white lights or Oelo's multi-color system with its endless hues. (With the multi-color app's color wheel and march, chase streak and stationary mode, you can showcase your holiday luster, support your favorite team, create social awareness or attract local customers.)

Durable channel

Practically invisible, the lighting channel, which houses the LED lights, is comprised of durable polymer materials to protect against moisture, degradation and fading.

The paintable, moisture-resistant channel is available in 9 colors.
